- Rules for endurance riding – endurance 2023

FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The expert council for endurance riding expects all participants in equestrian sports to adhere to the FEI code of Conduct, and to consider and accept the fact that the welfare of the horse must be in at all times in the first place and should never be subordinated to competitive or commercial goals.

1. The welfare of the horse must take precedence over all other requirements in all stages of preparation and training a competition horse. These include correct training methods, quality shoeing, correct selection of equipment and a safe and appropriate way of transporting the horse.

2. Before a competing pair, horse and rider, is allowed to compete, both horses must be, as a rider, properly prepared and in good health. The use of drugs and surgical procedures that endanger the safety or well-being of the horse. It is necessary to observe the rules that determine the conditions for the participation of pregnant mares in competitions and the rules determining the use of natural or artificial ones preparations, supplements and medicines for all competition horses.
3. The horse's welfare must always be taken care of, regardless of the circumstances. Special attention must be devoted to the area in which the match is taking place. When working with the horse and between himself competitions, it is necessary to take into account the type of surface, weather conditions, layout and type of installation for the horse, and the safety of the location. At the end of the competition, it is necessary to check the horse's ability to further transport.
4. We must provide the competition horse with appropriate care during and after the competition career and care, and to have a humane attitude towards him even when he is no longer an active athlete. They belong to appropriate care among other things, quality veterinary care, appropriate rehabilitation of competitors injuries, and after the end of a competitive career, retirement and, when the time comes, humane euthanasia.
